DATE

The date from which this TMD is effective is 3 March 2025.

INTRODUCTION

This document is intended to comply with our obligations under the *Corporations Act 2001 (Cth)*, *Treasury Laws Amendment (Design and Distribution Obligations and Product Intervention Powers) Act 2019 (Cth)* and other legislation, which requires the determination of a target market for our products, and associated purposes. It will give the consumer assistance in determining whether the product is aimed at them, whilst at the same time allowing us to gauge whether the products are meeting their intended market. This document is called the Target Market Determination, hereinafter referred to as "TMD".

It is also intended to provide consumers, and where appropriate, distributors with an understanding of the class of consumers for which the product has been designed. It takes into account the objectives, needs and financial situation of those members of the target market.

This TMD is not intended to replace other documents related to the products provided by us which set out the terms and conditions relating to the product upon which we expect you to rely when making a decision about applying for the product, including, and in particular, the contract document which will be sent to you prior to you entering into an agreement with us.
